STAFF REPORT

TO: Board of Aldermen
FROM: Jeremy Smith, IT Director
DATE: August 2, 2017
SUBJECT: 2017 Budgeted PC purchase

Type of Item: *Purchase*

2017 Budgeted Desktop Computer Purchase

Staff secured a quote through MHEC Technology Committee, a Missouri government and education contract for the purchase of pc's. This contract provides discounts to schools, cities, county's and other public entities for technology equipment. We have purchased pc's off similar contracts every year.

The quoted amount through Zones Inc is for a quantity of 20 @ \$990.00 each totaling \$19,800. To ensure that the quote was in fact in the city's best financial interest. We secured two additional quotes from Dell government direct in the amount of \$20,202.20 and from SHI, Inc for \$20,420.00.

Staff recommends the proceeding with Zones for the purchase of PC's for \$19,800.

Council Bill No. 056

Resolution No.

**A Resolution of the Board of Aldermen of the City of Harrisonville, Missouri,
Authorizing the City Administrator to Execute a Purchase Agreement with Zones,
Inc. for the Purchase of Twenty (20) Desktop Computers in an Amount not to
exceed \$19,800**

Whereas, the City of Harrisonville has a replacement schedule for all desktop computers assigned to city staff and purchases a predetermined number of those devices each year; and

Whereas, in 2017 the City is scheduled to replace twenty (20) desktop computers; and

Whereas, City staff has reported to the Board that the MHEC Technology Committee, provides a cooperative purchase process for public entities like the City of Harrisonville to obtain discounts on technology equipment; and

Whereas, City staff secured a quote through the MHEC Technology Committee that Zones, Inc. will provide the best price to the City for twenty (20) desktop computers at a cost of \$990 each; and

Whereas, to compare the Zones, Inc. price, City staff secured additional quotes from Dell government direct and SHI, Inc., for the same 20 computers, both of which were a higher cost than Zones, Inc.; and

Whereas, considering that the computer specifications for the 20 computers were the same, the additional quotes received by City staff, and the history of discounts received for technology equipment by using the MHEC Technology Committee as reported by City staff, the Board feels it is unnecessary and in the best interest of the City to not do a formal bid process for the 20 computers; and

Whereas, sufficient funds for this purchase are included in the 2017 budget.

Now, Therefore, be it Resolved by the Board of Aldermen of Harrisonville, Missouri, as follows:

Section 1: That the City Administrator of the City of Harrisonville is hereby authorized and directed to enter into an agreement with Zones, Inc. for the purchase of twenty (20) desktop computers in an amount not to exceed \$19,800.

Section 2: That this resolution shall become effective immediately upon its passage and approval.

PASSED AND RESOLVED by the Board of Alderman and APPROVED by the Mayor of the City of Harrisonville, Missouri this 7th day of August, 2017.

Chairman of the Board of Alderman

STAFF REPORT

TO: Board of Aldermen
FROM: Happy Welch, City Administrator
DATE: July 29, 2017
SUBJECT: Trash Collection RFP's

Type of Item: *Approval*

We received 4 proposals in response to our RFP request for solid waste (trash)/recycling collection to start with the new budget year 2018. The proposals were all opened on 7/20/2017 at 2p.

After reviewing the proposals, no revisions were made by the applicants. Some alternates were included: WCA waived the clean up fees for spring and fall if items are taken to the WCA facility north of Harrisonville, and Municipal Waste's cost per month drops to 13.39 if paid in 30 days after invoice.

This new proposal includes all residential solid waste, recycling, bulk items, and yard waste. Yard waste will be reduced to one pickup per month. Bulk items will still be charged \$10 for a maximum of 3 items. Solid waste containers will be required to be pushcarts as will recycling containers. All city container pickup is now included in the base price as is the spring and fall cleanup days. We also will not require the contractor to pick up trash on the big 6 holidays (trash pickup gets pushed back a day and could require a Saturday pickup). If you would like a copy of the RFP I can send it or copy it for you.

After reviewing the submittals, the low bidder did not fill in the total rate for base proposal so we had to compute what the total is to have a number to compare to the other three bids. Staff is recommending (based on 129 complaints we have received since May 17 and that the WCA proposal was not responsive by not completing the final calculation) that the low bid not be accepted and that the Board review the proposal price of \$12.41 per household from Jim's Disposal and the proposed price of \$13.80 per household from Municipal Waste Service, and a contract be negotiated to start January 1, 2018.

There will be a Closed Session related to this bid per section 620.021 (1) Legal Advice at the end of the meeting and that an open meeting decision will be made public after the closed session.
